About FSSAI	<p>Food Safety and Standards Authority of India (FSSAI) has been established under Food Safety and Standards, 2006 which consolidates various acts & orders that have hitherto handled food related issues in various Ministries and Departments. FSSAI has been created for laying down science based standards for articles of food and to regulate their manufacture, storage, distribution, sale and import to ensure availability of safe and wholesome food for human consumption. FSSAI envisages a sustainable environment for eating right to better the nutritional landscape in the country. There are many new and challenging projects undertaken which capture and strengthen the innovative vision of the organization. For more details, please visit https://fssai.gov.in</p> <p>The Food Fortification Resource Centre (FFRC) set up within FSSAI with the support of TATA Trusts, is a Resource and Support Centre to promote large-scale fortification of food across India. It is a resource hub which provides end to end technical support like information and inputs on standards and food safety, technology and processes, premix and equipment procurement and manufacture, quality assurance and quality control for fortification of foods to States/UTs/Stakeholders/Industry. FFRC's approach is to motivate, nudge and facilitate the food industry to adopt Food Fortification as a norm and assist the States in the on-ground implementation of the fortification project.
